Touch Mouse 6000

Touch and Swipe, Bring Windows® to Life!

Genius® live with Ideas

Windows 8 Compatible

Genius introduces the latest Touch Mouse 6000. Designed with a stylish look and comfortable handling, Touch Mouse 6000 allows you to enjoy the touch experience with the comfort of a mouse. Experience fluid finger movements and simple gestures to quickly navigate your PC.

Touch Mouse 6000 features a touch-sensitive surface that responds to one- and two-fingered gestures that are optimized for Windows 8 use. You can select which gestures correspond to snapping, moving, and switching between tasks and windows. Use a simple thumb sweep to move back and forth between pages. Plus, with horizontal and vertical scrolling, you can swiftly navigate long documents and websites.

Get the best of both worlds—the control and precision of a conventional mouse, blended with the fluid movement available in touch technology.

Touch | 2.4 GHz | 12-Month | Battery Low Indicator LED
